State Cup 2013

State Cup Letter 2 of 3

Tuesday 28th May 2013

Dear

We note from our records that you may not have returned the following highlighted payment or consent form.

- State Cup Payment (\$45) and State Cup Consent note
- Australian Schools Cup Intention to compete form and Australian Schools Cup (100 deposit)

It may well be that you have not given your parents the following letters

- Letter 1 State Cup and AVSC Intentions (\$145) Parent information Letter (Given out – 6th May 2012)
- State Cup consent note Should have been returned by (Friday 24th May 2013)

As I have mentioned in all letters to parents, the returning forms promptly is vital. Payments can be negotiated or delayed if the school finance officer (Dot or Cathy) is contacted. Ph: 8139 9300

Last year around this time the squad realised the need for all players to be very focused in their efforts for the rest of the year and it payed off. The players who are very directed and determined with their volleyball do not want to be compromised by less than enthusiastic efforts from others. If your child is intending to join this key core group we would be delighted and welcome their enthusiasm.

If the forms and payment have not been made by Friday week 5 term 2 (31st May), we will assume that your child isn't intending to compete in the State Cup or Melbourne so we will select the teams accordingly. We ask you kindly to attend to this matter and contact us with your intentions so our planning and costing can be accurate.

Thank you for your support,

Stuart Scott
Heathfield Special Interest Volleyball Program Manager
